### CITY AND COUNTY OFFICIAL PAPER

# FREE COINAGE 16 to 1

For President and Silver: W. J. BRYAN, of Nebraska. For Vice-President.

#### ARTHUR SEWALL, Maine

We demand the Immediate restoration and silver at the present legal ratio of 16 to I, without waiting for the aid or consent of any other nation. We demand that the standard silver dettar shall be a full legal tender, equally with gold, for all debts public and private and favor such legisintion as will prevent the demonstization of any kind of legal tender money by private contract.—Democratic National Silver Platform.

A REVOLUTION in the United States is an impossibility in the sense that the word is applied in the petty republics of South America, but now and then some great thought or principle takes possession of the people and by slow process a complete revolution is the result. In 1861 such was the condition that the destruction of our government and her glorious institusions was threatened, and it took four years of devastating war and the sacrifice of the flower of the nation to stamp it out. In 1873 the money power accomplished another revolution by the demonstization of one half of the money of the country. By that act and by the slow process of centralizing the circulating medium of the country, and the privations which followed to the laboring classes, the great public mind has been stirred to the point of revolution to restore that medium to its rightful constitutions place as a money of the realm. The single etandard people up to very recently in speaking of this agitation classed it as a craze, affecting but few outside of the silver mine owners of the west, but since the meeting of the national conventions to nominate presidential candidates, and now that they are squarely before the people and the term of school for the tion of the people has begun, they find it is not a craze but a great princiols underlying the very foundation of our liberties and our prosperity as a nation and as a people. Not only is the west and south compassed by this agi tation, but it is taking deep and firm hold on the people of the east and day by day as they study the subject they are becoming more and more enlight-ened and the fact is gradually coming to their understanding that it is not the decrease in the value of silver that has brought on the hard times, that has caused a fall in the price of com-

modities and reduced the wages o

labor to the point of absolute want

but that it is the increase in the purchasing power of gold, and so great is the hold it has taken on the minds of

the people that before November 3d a complete revolution will have taken place and on that day the people will be heard and Bryan and Sewall will

be elected by such an overwhelming majority that bossism and goldbugiam

will be forever drowned in the sea of

public opinion.

The National Matte Smelter. A practical and simple method of matting sulphide ores, such as nickle, copper, gold and silver ores. In localities where lead ores and fuels are scarce and almost unattainable, our pyritic, water jacket Matte Smelter has been recognized with highly satisfactory results, and has been thoroughly tested on various pyratic, sulphide and arsenide ores, in capacity of 2 to 80 tons per day. It is the most practical, cheapest and simplest method of gold and silver ore matting and concentrating that is known today

It requires no extraordinary skill, no lead ores, no fluxing material, and no fuel of any kind for

no fluxing material, and no fuel of any kind for the smelter after it is started. The sulphur in the ore is its natural full only, and its cost has no comparison with any other process of con-

For your Protection.—Catarh "Cures" Tonion for Catarrh in liquid form to be taken internally, usually contain either Mercury or Iodide of Potassa, or both, which are injur-Iodide of Potassa, or both, which are injurlous if too long taken. Catarrh is a local, not
a blood disease, caused by sudden change to
cold or damp weather. It starts in the nasal
passages, affecting eyes, ears and throat.
Cold in the head causes excessive flow of
mucus, and, if repeatedly neglected, the results of catarrh will follow; severe pain in
the head, a roaring sound in the ears, bad
breath, and oftentimes an offensive discharge. The remedy should be quick to allay
inflammation and heal the membrane. Ely's
Oream Balm is the acknowledged cure for
these troubles and contains no mercury
nor any injurious drug. Price, 50 cents,
